HONOURS

FULL-TIME

The IIE BA Honours in Interior Design builds upon the IIE BA in Interior Design to expand and deepen the student's research skills, design knowledge, and design ability to prepare them for professional life as a senior interior designer or design lecturer. Students learn to challenge conventional design thinking and develop refined and innovative design methodologies that consider the impact and effectiveness of proposed interior solutions. Students are further exposed to advanced professional practice within the built environment in the form of the establishment and conception of a project, thorough analysis of a site, drafting the project contracts, estimating fees and budgets, writing specifications and professionally presenting project proposals.
