- Digital marketing analytics and metrics

To succeed in your online journey, you need to be

- Self-motivated and invested in your learning journey.
- Disciplined and able to balance studying with work and family commitments.
- Able to direct your own studies, maintaining a diligent pace.

To assist you in succeeding in your online journey, our teaching approach is

- Student-centric: we facilitate your thought processes to foster innovative ideas and creative solutions.
- Authentic: we use real-life examples and case studies.
- Activity-based: We move your learning forward through applied activities and assessments.
- Discussion-based: we ask you questions and stimulate debate to provoke
- deep thought and insights about course content.

Who should join?

This course is aimed at brand managers, marketing managers, marketing executives, small business owners, entrepreneurs, IT managers and others considering a career in digital marketing and brand building. These individuals will have an interest in the strategic aspects of digital communication and want to set the foundation for understanding this digital landscape.

Online delivery includes

- An online learning system that leads students through the content, prescribed material and activities.
- Online academic navigators (tutors) who are subject experts and maintain the human experience of the learning process.
- Weekly live sessions with the course's online navigator.
- An online success navigator who supports students throughout the learning journey.
- Access to our online information centre.

Note:

- Scheduled live sessions generally take place after hours.
- While you can generally structure your study time as you need, there are scheduled online sessions during which you will get mediated support. Scheduled assessments in the form of online activities and assignments are paced to ensure your studies progress.
- A reliable internet connection, own device with (at least) Windows 7 and Google Chrome, Microsoft Edge Chromium or Firefox and 5-10 GB of data are essential to enrol on this short course.

How will I benefit?

This short course will enhance your ability to integrate digital strategy into your brand building and marketing. You will be equipped with an understanding of the practical and tactical elements of digital strategy and the skills required to:

- Utilise digital tools, platforms and data effectively
- Create social media strategies to meet business objectives
- Create a content marketing plan for brand building
- Effectively consider Google advertising and search engine marketing & optimisation
- Obtain consumer and marketing insights through analytical platforms and opinion mining
- Optimise utilisation of mobile, email and applications
- Manage and control online reputation and crises
