

Welcome Veganite!

We hope that you are excited to start your academic journey with us, and that 2023 will be a successful year. As part of your welcome, we have highlighted some important information for you below.

V-Week (Orientation)

V-week will run online from 25 July – 26 July 2023. You will be able to join the live sessions on your VegaLearn Organisation, or via this link:

<https://eu.bbcollab.com/collab/ui/session/guest/1c30fe99df4743a6a41f0eab884a8b8d>.

As part of your academic onboarding, you will be required to complete a Development Task. You will receive further information on this from your campus.

Wize Books and Student Card

Once you have successfully registered, you will receive an email from Wize Books to order your textbooks. The email will outline the step-by-step process to order your textbooks, as well as payment and the delivery.

You will also need to take a clear head and shoulders photograph and upload it onto the Wize Books portal for your student card. Your student card will be delivered with your textbooks.

You will need to use your student card to access any of our contact campuses should you wish to do so.

Vega Assist

Vega Assist is our online ticketing system, accessible via the Vegalink. Vega Assist will provide you with direct access to your Online Support Navigator, IT, Finance, Wellness, and Information Specialist Navigator. The queries you can log include anything related to timetabling, finance, admission queries and wellness assistance.

You will also be able to log academic and assessment concessions on the Student Hub through Vega Assist.

Timetables

Academic online classes commence in the week of 31 July, and your timetable will indicate the days you need to log on for your sessions on Collaborate. Timetables will be emailed to your personal and vgconnect email address by the 24th of July and will also be available on the Vegalink portal. Please ensure that you attend V-Week (or watch the recording if you have missed the session), so you know how to access your vgconnect email account. This email account is used for all official communication.

In the event of scheduled loadshedding, you are welcome to use our campus facilities as an Online student. All campuses have generators. Please make the necessary arrangements with your Online Success Navigator before you arrive at the campus. If there is unplanned loadshedding and a navigator is unable to deliver an online session, we will reschedule the session.

Assessment Schedule

2023 July is comprised of 12 teaching weeks. Self-study weeks have been scheduled on the timetable to allow you to focus on your assessments. There are no online sessions scheduled during these weeks.

Your assignments, projects and take-home assessments will be submitted online via Vega Learn using the submission links. Details will follow on how you do this during the “pop-in” sessions which have been scheduled throughout the Semester.

You will receive your assessment schedule in the week of 31 July via the Vegalink platform.

Please contact your Online Success Navigator should you have any queries.
